## ABBREVIATIONS

2-st RC - Two Stitch Right Cross.

Work the next two sts out of sequence as follows: Work the second st on the left needle as if to knit, but do not remove from the left needle. Next work the first st from the left needle knit wise, then gently remove both sts from the left needle. This forms a right leaning cabled twist to the work, without the need for a cable needle. How to form a 2-st RC with a CN: Sl the next st onto a CN and hold at the back of the work. K1 from the left needle, then k1 from CN. You may also form a 2-st Rc without a CN. Knit the second stitch on the left needle without removing it from the left needle. Now knit the first stitch and remove both sts from the left needle.
